

## East Fork Big Dry Creek Trail

The Highlands Ranch Metro District is building a new trail connection in The Hearth neighborhood of Highlands Ranch. The East Fork Big Dry Creek Trail will be located in the natural area south of McArthur Ranch Rd. Trail spurs connecting Glengate Cir. to Towerbridge Rd. will provide students easier access to Rocky Heights Middle School and Rock Canyon High School. The East Fork Big Dry Creek Trail will eventually connect to the future Wildcat Regional Park.

### **When will construction occur?**

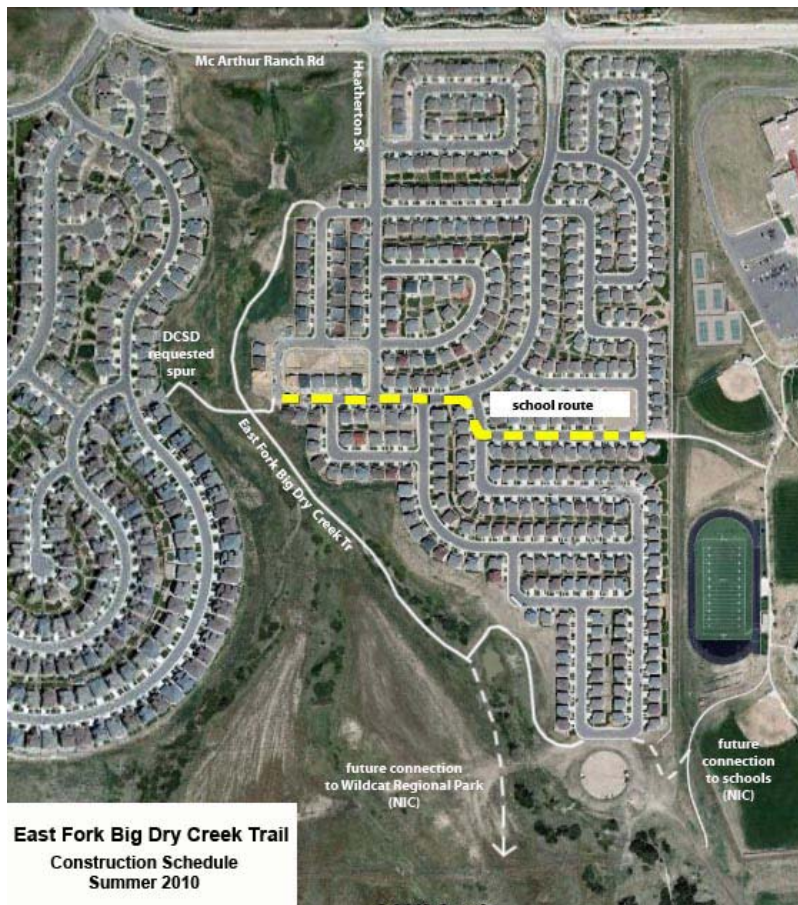

Construction will begin late June 2010 and is projected to be completed by early August 2010.

### **Will access be restricted during construction?**

Yes. In order to provide a safe working environment, access to the natural area south of McArthur Ranch Rd. will be closed during the construction period.

### **Who do I contact for further information?**

For more information about this project, contact Nick Adamson, open space and park ranger supervisor, at 720-240-5917 or [nadamson@highlandsranch.org](mailto:nadamson@highlandsranch.org).
