

What is Slow the Flow Colorado?

Slow the Flow Colorado is a free sprinkler inspection program available free of charge to Centennial Water & Sanitation District customers. The sprinkler inspections - also known as irrigation audits - are conducted by trained water auditors. Irrigation audits are available on a first-come, first-served basis.

Why should I participate?

- This is a professional service provided at no charge to you, with substantial benefits to your landscape
- Receive a free customized watering schedule for a green, long-lasting landscape
- Learn easy, do-it-yourself sprinkler maintenance
- Learn how to maximize the life of your system
- Do your part to conserve Colorado's water

When can I get an inspection, and how long will it take?

Inspections run from June until August. The entire process will take about two hours.

What happens at the inspection?

A sprinkler inspection includes the following:

- A visual inspection to pinpoint any problems in your sprinkler system
- Tests to measure the precipitation rate of your sprinkler system
- Tests to determine how evenly the water is covering the intended area
- Soil sample to determine root depth and soil type

What will I get after the inspection?

You will receive a customized watering schedule as well as recommendations and tips to make your sprinkler system more effective and efficient.

Steps To a Free Inspection

1. Review your eligibility.

If you receive water from a participating water provider AND you have an operating underground irrigation system, you are eligible. HOAs and commercial sites, please call 303-999-3820, ext. 217 for eligibility.

2. Request an inspection.

Complete the request form online at www.ConservationCenter.org, or call 303-999-3820, ext. 217.

3. Schedule an inspection.

Upon receipt of your request you will be contacted to set up an individual two-hour appointment with a trained water auditor at your home.
